Farway Grange

The garden at Farway Grange Nursing, 31–33 Howard Road

A Welcome from the Directors

"Farway Grange has been serving the community since before our family took up the baton in 1986.

Retaining the core values of compassion and decency that helped earn the reputation it enjoys today, we are proud to continue providing this vital service, leading with value-based recruitment and a happy, conscientious culture. Our team delivers the highest levels of nursing care and personal attention while preserving that elusive, homely environment treasured by residents and families.

Much has changed, but one truth remains: a care home is only as good as its carers. We can't wait for you to meet ours."

— Alam Nathoo and Riaz Nathoo, Directors

Our team is led by Inga, our Registered Manager, with Diana as Administrator and Activities Coordinator.

Our Pledge

To provide dignified nursing and residential care to our residents, and peace of mind to their families.

We provide the highest levels of care and companionship with a focus on safety, dignity, and wellbeing. Supported by digital care systems in a traditional homely environment, our team spends more time where it matters – with residents.

We look after up to 35 residents in two neighbouring houses on Howard Road, Queen's Park, run as one service by the same family since 1986. One Care Quality Commission registration, rated Good overall, covers both.

The Alexandra
23 Howard Road · 12 beds
Residential and dementia care

Farway Grange Nursing
31–33 Howard Road · 23 beds
Nursing care, with a registered nurse day and night

Time to Know Each Person

Each house has the feel of a large family home, where the team knows every resident well. On a typical day when the home is full, that is around five hours of care per resident at The Alexandra, and about 5.2 hours at Farway Grange Nursing.

That counts the registered nurse at Farway Grange Nursing, who is on site day and night. Staffing changes with the needs of the people living with us at the time, and we publish typical staffing for each home on our website.

Did you know? Some of our team have been caring here for more than a decade, and our longest-serving colleague first joined in 1999.

Testimonials

"Farway Grange is the most incredible place full of caring warmth. The team are like a family, caring for residents with professionalism, love and patience. Family and friends are encouraged to be part of the process, and the constant care and support were unbelievable. After an all-night vigil, breakfast was quietly served without fuss but with a warm smile for exhausted relatives. We knew our loved one was safe, warm and cared for, and Farway quickly became our second home in those last precious months. Our family will always be eternally grateful."

— Sister of a resident

"My mum has been at Farway for over 10 years and we consider ourselves lucky to have found this nursing home... The staff are cheerful, friendly and professional and we feel confident that mum is receiving excellent care."

— Lee L, daughter of a resident

"Always a friendly face – nothing was too much trouble. I was made to feel so welcome. Management and staff were always accessible for questions or any concerns we might have."

— Di P, friend of a resident

Life at Farway Grange

Activities and Facilities

Life is about more than care. Residents enjoy arts, crafts, reminiscence days, chair yoga, flower arranging, games, and trips out to local cafés, the beach and the bowling alley. On site, the gardens, a tranquil koi pond and The Cabin host BBQs, a cinema club and summer fêtes, and residents of both homes are welcome in either garden. Visiting hairdressers, chiropodists – even pet therapy – add to the variety.

Food Glorious Food

Fresh, nutritionally balanced meals are cooked by our chefs every day, and residents choose on the day; if nothing appeals, our chefs will make something else. We cater for all dietary needs, including texture-modified diets. Residents enjoy seasonal dishes, theme days, home-made cakes and private dining for special occasions. We hold a food hygiene rating of 5 (Very Good).

Expert Nursing Care

At Farway Grange Nursing, a registered nurse is on site day and night, handling more complex needs such as syringe drivers, PEG feeding and oxygen; please ask if we can help. At both homes, care plans are built around the person, with families involved where they would like, and we offer end-of-life care with comfort and dignity.

Respite Care

Respite stays give carers a break and potential residents a chance to experience Farway Grange. Short stays are available at either home, usually from 7 nights up to 28, with the dates and fee set out in writing before you book.

A Taste of Daily Life

- Person-centred 24-hour care, at both homes
- Full English or continental breakfast
- Seasonal dishes such as roast lamb with mint sauce and all the trimmings
- Cheese and wine afternoons
- Trips to the beach and local parks, with Queen's Park just up the road
- Pamper days and pet therapy
- Musical movement and arts & crafts
- Flower arranging and reminiscence activities
- Birthday celebrations and day trips, included in the fee
- No set visiting hours for families
