Farway Grange

A Welcome from the Directors

"Farway Grange has been serving the community since before our family took up the baton in 1986.

Retaining the core values of compassion and decency that helped earn the reputation it enjoys today, we are proud to continue providing this vital service, leading with value-based recruitment and a happy, conscientious culture. Our team delivers the highest levels of nursing care and personal attention while preserving that elusive, homely environment treasured by residents and families.

Much has changed, but one truth remains: a care home is only as good as its carers. We can't wait for you to meet ours."

— Alam Nathoo and Riaz Nathoo, Directors

Our Pledge

To provide dignified nursing and residential care to our residents, and peace of mind to their families.

We provide the highest levels of care and companionship with a focus on safety, dignity, and wellbeing.

Our team gets to know every resident personally, creating the home's friendly, extended-family feel. Supported by digital care systems in a traditional homely environment, they spend more time where it matters - with residents.

Enhanced Staffing Levels

At Farway Grange, we ensure more carers are available than in many other homes. This means residents enjoy genuine one-to-one attention, receive help more quickly, and benefit from highly personal care tailored to their needs.

Did you know? Each resident receives around 5 hours of one-to-one care daily - well above typical requirements - and a registered nurse is present on every shift.

We take pride in our staffing ratios and publish them openly for transparency and trust.

Testimonials

"Farway Grange is the most incredible place full of caring warmth. The team are like a family, caring for residents with professionalism, love and patience. Family and friends are encouraged to be part of the process, and the constant care and support were unbelievable. After an all-night vigil, breakfast was quietly served without fuss but with a warm smile for exhausted relatives. We knew our loved one was safe, warm and cared for, and Farway quickly became our second home in those last precious months. Our family will always be eternally grateful."

— Sister of Resident

"Farway Grange is an outstanding Care Home. The staff are attentive, cheerful and professional, and it feels like a family. Many have been there for years, which speaks of excellent management. Residents are taken for walks and picnics in the nearby park, and parties are held in the beautiful garden. Every resident's needs are carefully attended to, and the chefs cook delicious meals with good quality ingredients. Farway doesn't look like a 5-star hotel, and it doesn't need to — they do what matters, which is caring for their residents."

"My wife passed away last November after 4 years as a resident of Farway Grange. She had suffered from advanced Parkinson's dementia and finally suffered a stroke. During her time at Farway she received in my opinion the very best care and nursing that I could have wished for and I believe she was as happy as she could have been given her awful progressive and debilitating disease. All the staff are very caring, always cheerful and would always raise a smile from her. Over the years I got to know them all quite well and I know they were genuinely fond of her.

Over the 4 years she was resident there was very little staff turnover which is a sign of a good working atmosphere and excellent management. The nursing staff are superb and always kept me informed of any changes in my wife's condition. Even though it was heartbreaking for me when I finally had to admit that I could no longer cope with caring for my wife at home, I know I made the correct choice in choosing Farway.
